Do you have any medical, physical, or other conditions that could affect your work at SARA Sanctuary?

Yes No If yes, please describe:

Please respond to the following on a separate attached sheet.

- 1) Why do you want this internship, and why do you want to work with SARA Sanctuary in particular?

- 2) Our Staff and Interns literally have lives in their hands every day. The care we provide for the animals, if carried out improperly, can result in illness or death. While we understand interns are here to learn, there is still a very high expectation in terms of work ethic and attention to all details of an animal's medical and general care. Why should we place our trust and these helpless animals in your hands?

- 3) Do you think that wild animals who cannot be returned to the wild due to injury or past experiences should be euthanized? Why or why not?

- 4) SARA Sanctuary reveres animals as sentient beings, not 'objects' or 'things'. We never refer to animals as 'it', rather 'he/she'. What are your thoughts on this philosophy?

- 5) Considering the ethical treatment of animals, please express your thoughts and opinions on the following subjects:
 - a. Slaughterhouse industry
 - b. Animals used in medical research
 - c. Zoological parks
 - d. Vegetarian/vegan lifestyles
